Kee BUSINESS SERVICES

PRODUCT SHEET

Business Mobiles

Business mobile contracts on O2, Vodafone, EE and wholesale airtime, with device management, company Apple accounts and one in house team. All on one bill from Kee.

CORE FEATURES

Every major network
O2, Vodafone, EE and wholesale airtime. We're not tied to one, so we pick what fits you.

The right handset deal
Handsets in the contract or bought separately, whichever is most cost effective for you.

Company Apple accounts
Phones held under the business, so they're never locked when someone leaves.

Coverage checked first
We check signal at your office, your sites and where your team works before you sign.

Device management (MDM)
Manage every company phone from one place: set up, add apps, lock or wipe if lost.

In house team
Roaming, upgrades, faults and billing, handled start to finish by our own team.

BUILT AROUND HOW YOU WORK

Lots of calls
Unlimited UK minutes and good indoor signal at your office.

Heavy data use
A shared data pool so no one runs out, and 5G where you work.

Travel abroad
Roaming included or a daily bolt on, set up before you fly.

On the road or rural
The strongest signal on the routes and sites you use.

Working from a hotspot
Enough data for laptops too, with tethering allowed.

Lots of phones
Device management and company Apple accounts.

LOOKED AFTER BY OUR IN HOUSE TEAM

Going on holiday
Roaming set up before you fly, so no bill shocks.

Upgrades
We plan upgrades with you and handle the swap.

Faults
Tell us once and we deal with the network.

Billing queries
A real person who knows your account sorts it out.
