WHAT YOU GET

Electricity and gas
Fixed, flexible and green contracts from a wide panel of suppliers.

Water
Business water compared and switched too.

Flexible buying
Purchasing spread across the market to manage risk, with the option to fix.

Bill validation
Every bill checked against your contract, so you only pay what you should.

Contracts and renewals
We track your end dates and start renewals early, so you're never rolled over.

Carbon and ESG reporting
Energy and carbon data for your reporting and net zero plans.

FIXED OR FLEXIBLE?

Fixed contracts
One agreed price for the term, so you know exactly what you'll pay.

Flexible buying
Purchases spread across many trades to smooth out market swings.

Green energy
Renewable electricity and green gas to support your net zero goals.

Switching handled
We manage the switch with the suppliers, with no break in supply.

FREQUENTLY ASKED QUESTIONS

Your questions answered

Can you guarantee lower prices?
No one honestly can, because energy markets move every day. We find you a competitive rate and the right way to buy.

What's the difference between fixed and flexible?
Fixed gives you one price for the term. Flexible buys in smaller amounts over time to smooth out market swings.

Will our supply be interrupted when we switch?
No. The switch is handled between suppliers and your supply carries on as normal.

Can you help with green energy?
Yes. We can source renewable electricity and green gas to support your net zero plans.

Do you check our bills?
Yes. We check bills against your contract so you only pay what you should.

We have lots of sites. Can you help?
Yes. We manage every meter and contract in one place.

How are you paid?
Any commission from the supplier is included in your rates, and we'll tell you what it is before you sign.

How do we get started?
Upload your latest energy bill, email us or book a call.
