FACT SHEET

# Cyber Essentials

A managed route to Cyber Essentials and Cyber Essentials Plus, with protection that keeps you compliant and one simple price per employee.

## AT A GLANCE

| | | |
|---|---|---|
| WHAT IT IS<br>**Managed route to Cyber Essentials and Plus** | STANDARD<br>**UK government backed, five controls** | TIERS<br>**Protect, Detect and Respond** |
| PRICING<br>**One simple price per employee** | RENEWAL<br>**Continuous checks keep you ready** | SUPPORT<br>**A real person at Kee** |

## THE FIVE CONTROLS

**Firewalls**
Boundary protection that controls what can reach your devices and network.

**Security updates**
Software and devices kept up to date with the latest security patches.

**Malware protection**
Protection against viruses, ransomware and other malicious software.

**Secure configuration**
Devices and software set up securely, with unnecessary access removed.

**User access control**
The right people have the right access, and only that.

**Ongoing evidence**
Continuous checks keep you ready for each annual renewal.

## CHOOSE YOUR TIER

**Protect**
Stop email fraud and account takeover. Identity and email threat detection, endpoint firewall, patch scanning, gap assessment, staff training and phishing tests.

**Detect**
Everything in Protect, plus malware protection on every device and round the clock log monitoring to spot threats early.

**Respond**
Everything in Detect, plus a 24/7 UK security operations centre, threat hunting, unlimited incident response and a named contact.

**Priced per employee**
One number you can work out yourself. No penalty for extra devices and no requoting.

FREQUENTLY ASKED QUESTIONS

# Your questions answered

### What is Cyber Essentials?
A UK government backed scheme that shows your business has five basic cyber security controls in place.

### What's the difference with Cyber Essentials Plus?
Plus adds a hands on technical check of your systems, giving customers even more confidence.

### Do we need it?
It's required for many government contracts and increasingly asked for by supply chains and insurers.

### We already have antivirus. Isn't that enough?
Clients and insurers ask whether you can prove your security to a recognised standard. Cyber Essentials is that proof.

### We don't have an IT team. Can we still do it?
Yes. It's a managed service, and on Respond a 24/7 UK team runs it for you.

### How is it priced?
Per employee, so it's one number you can work out yourself, with no penalty for extra devices.

### Does it need renewing?
Yes, every year. Continuous checks keep you ready so you don't start from scratch.

### How do we get started?
Book a chat and we'll start with a gap assessment.
