| SERVICE<br>**Stronger service levels than broadband** | EXTRAS<br>**Routers, firewalls, backup and cabling** | SUPPORT<br>**A real person at Kee** |

## WHAT WE PROVIDE

**Dedicated leased lines**
Uncontended circuits from 100 Mbps to 10 Gbps at most UK locations, sized to your business with room to grow.

**Routers and firewalls**
Faster speeds need faster equipment. We specify, supply and configure it so you get the full bandwidth.

**Backup connections**
Broadband and 4G or 5G backup options to keep you online if your main line goes down.

**Availability checks**
We check exactly what can be delivered at your address before you commit.

**Shared leased lines**
One line split securely between several businesses in the same building, each kept private.

**Network and cabling**
Network design, structured cabling and installation to get the speed to every desk.

## LEASED LINE VS BROADBAND

**Dedicated**
Not shared with other users.

**Service levels**
Stronger than broadband.

**Symmetric**
Same upload and download speed.

**Scalable**
Room to grow as you do.

FREQUENTLY ASKED QUESTIONS

# Your questions answered

**What is a leased line?**
A dedicated internet connection for your business alone.

**How is it different from broadband?**
It isn't shared, speeds are the same both ways and service levels are stronger.

**What speeds can we get?**
From 100 Mbps to 10 Gbps at most UK locations.

**Can we get one at our address?**
We run an availability check to confirm.

**Do you supply the router?**
Yes, routers and firewalls supplied and configured.

**Can we share a line?**
Yes, with other businesses in your building, kept securely apart.

**What if the line goes down?**
We can add a backup connection to keep you online.

**How do we start?**
Book a meeting with the team and send a recent bill.
