FRACTIONAL AND AD HOC PROCUREMENT

Your procurement journey starts here.

Your own outsourced procurement department, without the cost of a full-time hire. Sasha and Suzie will show you the way.

HELLO, WE'RE KEE

Not just a supplier. An extension of your team.

With over 25 years' experience, we take ownership of your contracts, suppliers, renewals and negotiations, so you can get back to growing your business. We work for you, not the suppliers.

Meet your guides, Sasha and Suzie

Follow our two French bulldogs through the next few pages. They'll walk you through every step of how we work.

THE PROBLEMS WE SOLVE

Overpaying

Prices creep and contracts auto-renew. We make sure nothing rolls over unchecked.

No visibility

Every contract, cost, end date and notice period, all in one place.

Weaker negotiations

Most businesses negotiate every 3 to 5 years. We negotiate every week.

Lost leadership time

You should be growing the business, not chasing quotes.

Getting to know you

Six simple phases, at your pace. It starts with listening.

1

Discovery

We get to know your business, gather your bills and contracts, and map every supplier, cost, end date and notice period.

2

Strategy

We benchmark what you pay against the market and agree priorities with you: quick wins first, then the bigger contracts.

Suzie sniffs out every contract first.

★★★★★

“A fantastic service if you are time poor and want to get the best deal negotiated. Couldn't recommend enough!”

Getting you the best deal

We go to market for you, and you always have the final say.

3

Tender and negotiation

We run the tender and negotiate on service, terms and total cost. Best overall value, never just the cheapest price.

4

Your approval

You get a clear written recommendation. Nothing goes ahead without your say-so.

Sasha never settles for the first offer.

★★★★★

“Everything was handled professionally from start to finish, with great communication and a real focus on customer service.”

We'll take it from here

This is where a broker walks away. It's where we really begin.

5

Implementation

We handle the switch, the paperwork and the new supplier, so there's no disruption to your business.

6

Ongoing management

We check invoices, track every renewal, challenge price creep and review with you every quarter. Year after year.

Job done. We'll keep watch from here.
