Kee BUSINESS SERVICES

PRODUCT SHEET

Phoneline+

A simple, sensibly priced cloud phone system for small businesses. Calls, texts and WhatsApp together on iOS, Android, Windows, Mac and desk phones. Set up in minutes, no engineer required.

FEATURES

Activity Feed
Every call, voicemail, text and WhatsApp in one tidy feed. Filter it, search it, never lose track.

Number Presentation
Choose which number shows when you call out, so customers see the business they trust.

Call Notes
Jot down details while you're still on the call. Saved with the call record, ready to share.

WhatsApp Integration
Reply to WhatsApp Business messages from the same feed as everything else.

Call Analytics
Answered and missed calls, response times and busy periods, with downloadable reports.

Hunt Groups
No call left unanswered. Ring your team in the order that suits you, on your schedules.

SMS Messaging
Send and receive texts from Phoneline+. Perfect for appointment reminders and quick updates.

IVR / Auto Attendant
A simple menu that guides callers to the right person, with your welcome message and hours.

eSIM Support
Take your business number anywhere through your phone's own dialler. No extra apps or data.

Voicemail-to-email
Voicemails land in your inbox, so nothing sits unheard. Plus nuisance call blocking.
